

SupplyFlow

FOR FENESTRATION BUSINESSES
OF ANY SIZE

CLOUD-BASED ORDERING
ENHANCING THE MATERIALS
ORDERING PROCESS

SupplyFlow is Soft Tech's cloud based materials ordering solution hosted on Microsoft's Azure Platform.

Create Orders Online

Use the intuitive interface to search and select order items from supplier catalogues

Automate with V6

Send orders direct from Soft Tech's V6 estimating software.

Stay informed

Log on and check the status of orders any time.

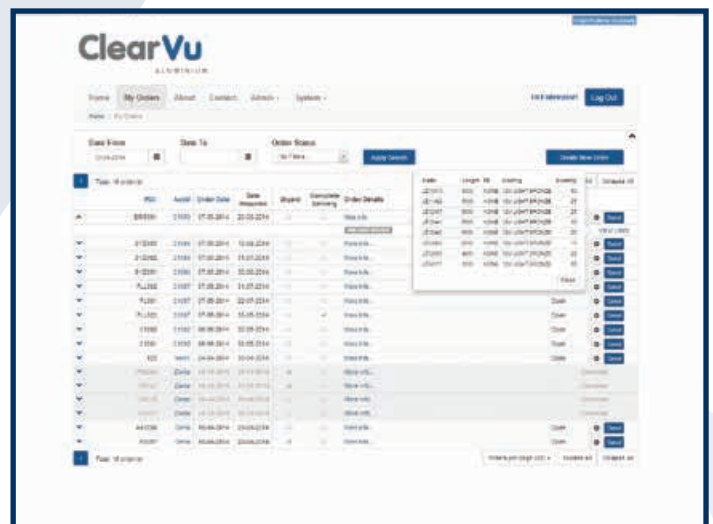

SAVE YOUR TIME AND YOUR CUSTOMERS' TIME.

No more faxes, no more data and no more calls about order progress.

FEATURES:

- ✓ Web based software hosted on Microsoft's Azure platform.
- ✓ No installation required - just use your browser.
- ✓ Native integration with V6.
- ✓ Manual or direct order entry and editing.
- ✓ Integration to third party ERP software and systems using secure protocols and architecture.
- ✓ Scalable architecture that grows with transaction volume.
- ✓ Intuitive user interface requires minimal training.

SUPPORT AND GUIDANCE EVERY STEP OF THE WAY
