# Cut out mistakes, connect your production line

**softtech**
a COMPUSOFT company

**Complete your production line and close the gap
with the Soft Tech Automation Module.**

### Rapidly set up your CNC machines
Set up your CNC machine in a fraction of the time by directly importing your product catalogue.

### Connect your production line
Save time by connecting your production line with our Design and Estimation Software.
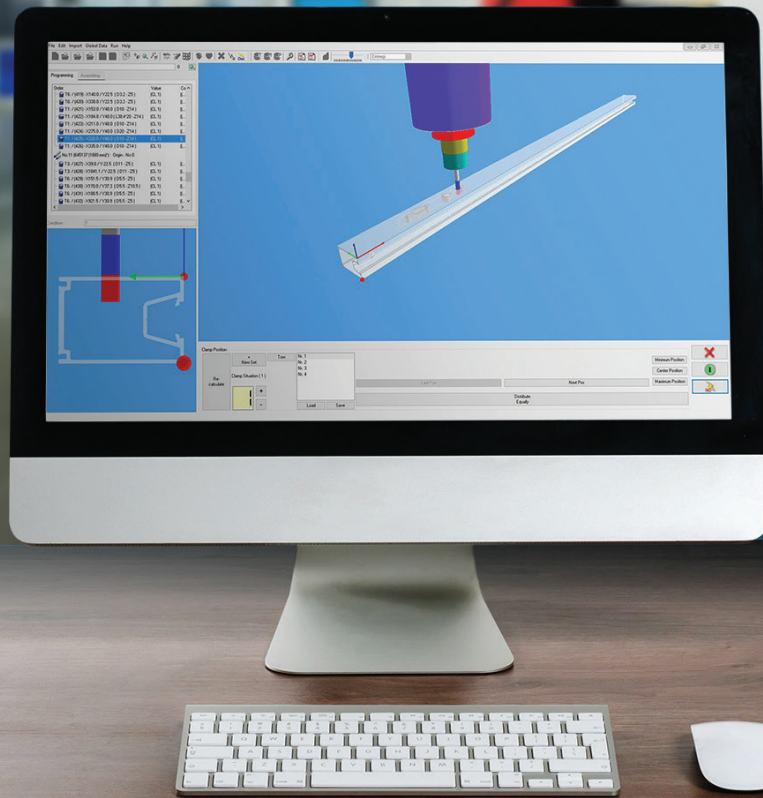

### Utilize less skilled employees
Our software is so easy to use, even your less qualified workers can use it to operate your manufacturing machines.

Our Automation Module transforms your business, by seamlessly transfering complex data from our Design & Estimation Software to your CNC, milling and saw machines.

Grow smarter with the world's #1 window
and door software solutions provider

### Network ready

Say goodbye to USBs and allow all your machines to talk to each other with ease. With our networked solutions, you can streamline your production line.

### Free from routine tasks

Increase factory productivity by removing the need to perform repetitive tasks. No more searching for the correct program on the CNC or marking off paper cutting lists.

### From 3D to reality

With our revolutionary window and door 3D modelling software, rest assured that what is quoted will be produced for your customers.

### Waste less, produce more

More than 10,000 customers trust our Design, Estimation & Manufacturing Solutions to ensure their production lines are accurate and reduce waste.
