

# Produce your own shop drawings quickly and easily

**Automatically produce shop drawings to accompany your estimations, without the need for a CAD license or specialized drawing skills.**

## Create your own shop drawings with Soft Tech Drawing Module

Capture detailed drawing information for each item and export these directly into a PDF, ready to share.

## Uncomplicated and minimal effort required

No expensive CAD license or skilled CAD operators required. Create your own set of shop drawings in a few "clicks" of a mouse.

## Speed up your quote estimation process

Quickly provide an accurate set of shop drawings to support your quote estimations.

### **Independent access, doesn't require a V6 license.**

Drawings Module requires access to your V6 database, but can be used on any PC without needing a V6 license.
