Manage your employees and machines with one application

Put an end to tiresome employee and equipment scheduling, and take control of your business with Soft Tech's Scheduling Software.

Automated scheduling
Streamline your scheduling by automating your employee shift and production scheduling, and avoid costly clashes.

Right staff, right time
Schedule the right staff, for the right job which allows for adequate coverage, and substitutes when needed.

Build it on time
With a better understanding of production times and costs, you can provide accurate quotes and delivery dates.

Our Scheduling Module transforms manual scheduling into an effortless process, and allows for updates from anywhere, with mobile devices.
